Mrs. Vicki

Mrs. Vicki is the first person you see when you enter DeSmet. She is the smiling face that everyone sees when you walk in the front door. She is an amazing secretary that loves the atmosphere at the school. This is Mrs. Vicki's fourth year working here. The best part of her job is to see all of the students in the morning and at the end of the day. Mrs. Vicki has two kids of her own. Her best friend is her husband.

When Mrs. Vicki was a kid, she didn't have a favorite subject in school but she has always liked sports. Mrs. Vicki's favorite football team is the Vikings. She has her fingers crossed that they will be improving throughout the year. Her favorite food is pizza.

Principal's Corner

What an exciting new year we have ahead of us at DeSmet School! This year will bring new events to the school. We are looking forward to seeing how the students will grow academically, emotionally, and socially.

The middle school book club started on September 23rd for all students from 6th through 8th grade. The 4th and 5th grade book club started October 8th. The first book selected by the middle school was The Raft, by S.A. Bodeen. If you are interested in joining the book club, feel free to come join us for donuts and chocolate milk from 8:05 to 8:25 on Tuesdays for the middle school and Wednesday for elementary.

Our new math series, Go Math, is a new addition to the school. Our reading series, Reading Street, was also updated for students this year.

This year, we are fortunate enough to have a second iPad cart for our students. I hope that you have a fabulous year!

Mrs. Andres

HELPFUL HEALTHY HINTS

Dear families of DeSmet,

September, 2014

Welcome back to school! Hip-hip-hooray for the 2014-2015 school year! This month's issue of Helpful Healthy Hints is to remind everyone of a few handy tips on keeping (and staying healthy).

Germ spread quickly and easily in schools. With more than one hundred bodies circulating through our small building it is extremely important to be preventative about your health. So, what does "preventative" mean? Eating well-balanced meals, getting lots of sleep (at least 8 hours/night), drinking at least 8 cups of water every day, washing your hands often, and not sharing food/beverages/chap stick/or combs are just a few ways to keep your immune system healthy. Here's to being mindful about staying healthy!!

Be well and healthy,

Ms. Jules, Health Aide

What's New?

Guess what? You might not know it, but our lunches are free. We have also gotten some awesome new teachers: Mr. Kuchel, Ms. Pfendler, Mrs. Valdenson, Mrs. Holden, and also an amazing new janitor, Mr. Gottwig. A big change for the school this year is the absence of sports. This change is simply due to lack of funding. But don't worry; this year will still be just as great as every other school year.

Survey

This month's survey was to determine what students felt was their favorite animal out of the following: bear, tiger, eagle, dog, and lion. The tiger came in first with the most votes. The dog came in second and the eagle came in third.

Class News

A yellow scroll icon with the word "Kindergarten" written inside in orange text.

Kindergarten

The kindergarten is learning how to count from 0 to 5, and they are learning the alphabet. Ms. Jackson likes to read and go hiking with her dogs on her free time. Ms. Jackson loves to teach kindergarten. Ms. Jackson has been teaching for 4 years, and she taught 3 years of kindergarten. Over the summer Ms. Jackson went to glacier and Yellowstone national park. She also went to Farmer's market. She made her first garden too.

A black scroll icon with the words "First Grade" written inside in orange text.

First Grade

I asked Mrs. Pettit how is your class this year she said they are very nice and smart but they tend to forget their jobs. I also asked if she had any fun activities coming up and she said that they are going to be learning more about Native Americans. They have a field trip coming up and they will be going on a leaf collecting walk. I asked Mrs. Pettit what her favorite book, her favorite movie, and favorite subject in school and her answer was Charlie Anderson, Pretty Woman, and science.

A yellow scroll icon with the words "Second Grade" written inside in orange text.

Second Grade

Mrs. Ebbs kayaks and camps on her free time. They are exploring the desert for science. And for geography they are studying maps. They are reading a book called Deserts. They are also learning to count to 1000 in math.

Third Grade

Over the summer, Mrs. Gardener raised 11 baby calves, cut hay, and worked in her garden. She likes teaching at DeSmet because she can get to know her students. In the third grade class this year they will be reading fables and short stories. Also, in science, they are starting to do experiments.

Fourth Grade

Mrs. B said she has had a very exciting year this year. She loves her new class and says they are wonderful. They have had some challenges with the new math program but they are starting to get the hang of it. She and her class enjoyed the Native American presentation with Buck and Rose. On September 26th, they went on a field trip to Kelly Island for a naturalist trip. Mrs. B said it was a great learning experience and lots of fun!

Fifth Grade

In math, Mr. Feeley's 5th grade is learning about place value and powers of ten. In language arts they are writing tall tales. He also said the class is using a new reading curriculum which has been a positive change for his 5th graders. They are also reading about the challenges people face.

In science they are learning about science inquiry and what type of tools they can use to explore various scientific ideas. In social studies, his class is learning about different regions.

This summer Mr. Feeley coached baseball and before school started he went to the Mall of America in Minnesota. There he met SpongeBob!

Middle School

Middle school has been working on projects about different countries around the world that will be presented to their class in social studies. In language arts, they are writing stories and storytelling. They have also been doing "free writing" in an effort to get their thoughts onto paper. In 8th and 7th grade science are finishing up a bread molding project in which they grew mold on bread. EWWW!! In 6th grade social studies, they are working on creating images and maps. For math, they're working on absolute values and for social studies they're working on their spirit animals. For 8th graders it's been a tough challenge, because there working on Algebra in advanced math.

Resource room

Mrs. Valdesen is new to DeSmet School this year. She has been teaching for 24 years total, 12 in collage & 12 in high school & elementary. She is helping many different kids from different classes. She is helping in math & reading from Grades K-8. She is only doing this in the morning. This summer she went to Boulder & Lolo Hot Springs, which is one of her favorite thing to do. She usually goes to hot springs twice a month all year round.

Music

Ms. Pfendler says that she likes DeSmet School so far and that over all; the kids here are pretty good. In 7th and 8th grade choir, they are singing a little bit of everything. The 7th and 8th grade band are playing two songs: We Will Rock You and Joy to the World. The elementary kids are also playing instruments like the recorder.

Art

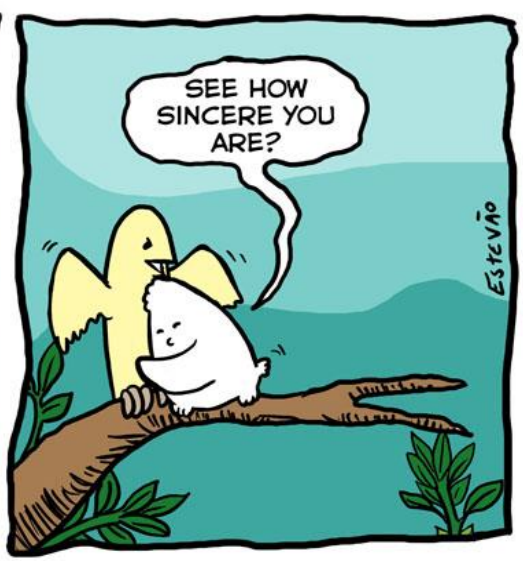

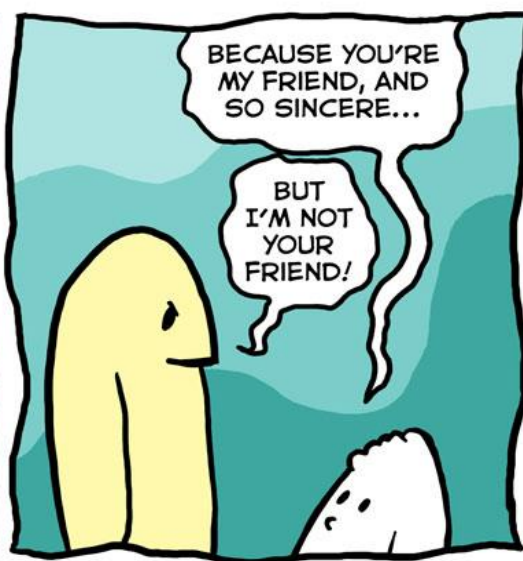

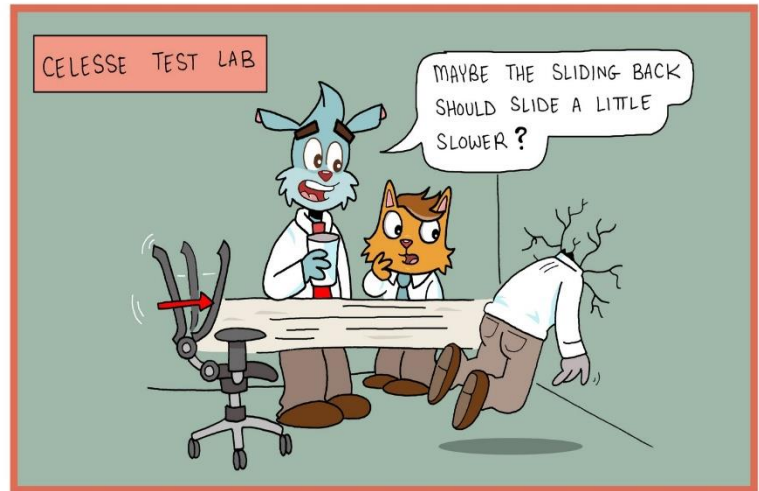

Mr. Chambers says all of the kids are doing "Day of the Dead" clay marionettes skeletons and the 7th and 8th are doing object sculptures with bike parts. Everyone is behaving well because everyone's getting older and improving their artistic talents. Mr. Chambers's favorite projects from last year are the crazy robots, Salvador Dali mustaches, and all clay projects. Mr. Chambers thinks that kids enjoy art because it gives them a chance to express their feelings and their self.

P.E.

Ms. Knutson is the P.E teacher at DeSmet. This is her first year as the P.E. teacher. Mrs. Knutson is energetic and enthusiastic about P.E. She has 18 classes in one week. Outside of school she likes to run and visit the animal shelter. She is thinking about getting a new dog and giving it a new home. She loves to ride her bike as well as run. Mrs. Knutson likes to be with kids.

Library

Ms. Keyes is our library teacher; her favorite book is The Help. 7th and 8th are doing greetings, colors, numbers and alphabet for Spanish. The longest book she ever read is Tales of Monogatari, a Japanese book translated into English and written in the 900's. In library, a lot of students increasing the number of books they are reading which definitely pleases Mrs. Keyes. Mrs. Keyes has been married 15 years and has 2 boys between the ages of 11 and 13. She has traveled to 48 states and would like to travel to South America someday.

Joke of the Month:

Q.WHAT DID ONE TOILET SAY TO ANOTHER TOILET
A.YOU LOOK FLUSHED

Cynthia Willenbrock and Marshall the miracle dog.

On October 2nd Cynthia Willenbrock came to DeSmet to talk to the K-8th grade about her dog's, Marshal, story, she told them about how Marshal went through some tough times in his life but still pulled through, she talked to use about how Marshal lost his front left leg and a scar on the side of his face. Then Cynthia read us the story that she had wrote. If you ever she Cynthia give her a big thanks and say hi to Marshall.
