

## **Jasmine Dahlquist**

I graduated in 2012 from Beaumont Senior High School in Beaumont, CA. I was a member of Jobs Daughters International. I am a past honor queen of Bethal 104 Redlands, CA. I did a lot of fundraising within the group not only to support our group actives and outings but to help others in need. Some of them included raising money for children who needed hearing aids or members of the military that had PTSD and needed help paying for service dogs. I've lived in Montana for the last 10 years. I recently moved to the DeSmet area a little over a year and a half ago. My husband and I are small business owners. But I spend most of my time taking care of our two children. My oldest is currently in kindergarten at DeSmet. DeSmet has done an excellent job at making our son with special needs feel accepted and included. The school and community are truly full of wonderful people.

The reason I'm running for the school board is because I want to see it continue to be amazing and grow. I've seen some of the things the school is currently working on as well as some of the issues the students and families are currently facing, and I would like to help in whatever way I can. And I believe the school board should be involving parents, teachers, students, and the community members in the decisions made for the school.
