Read Fudge-a-Mania

Vocabulary: Compete means to try to do better than someone else. It has two vowel sounds (**o**, **e**). I hear a short vowel sound, so I know that the first syllable is **closed**. I divide after the **m**: **com** · **pete**. If I want to add a vowel suffix, I just look at the pattern in the final syllable. I see a **VCe** syllable. So, I know that it is **competed**–**competing**.

Vocabulary

sur · prise (*r-controlled, VCe*)

You know what a **surprise** is. When something is a **surprise**, that means it is unexpected. **Surprise** has two vowel sounds (**ur, i**). I see and hear an **r-controlled** syllable, so I will divide after it: **sur · prise**. If I want to add a vowel suffix, I just look at the pattern in the final syllable. I see a **VCe** syllable. So, I know that it is **surprised–surprising**.
