Monthly STAR Test <b>Choral Reading: The Boy Who Harnessed the Wind</b>  From page 1 to page 8  <b>Engine</b> is a noun that can have multiple meanings. One meaning of <i>engine</i> is a machine with moving parts that converts power into motion. I might say that the racer started the car's <i>engine</i> to prepare for the race. The word <i>engine</i> can also refer to a railroad locomotive, or train.	<b>Choral Reading: The Boy Who Harnessed the Wind</b> From page 9 to page 14  <b>Scorched</b> is a verb that means burned or caused to become dried out due to flame or heat. I might say that the sun <i>scorched</i> our garden, so nothing has been able to grow. <i>Scorched</i> can also be used as an adjective. You could say that the <i>scorched</i> fields provided no crops. <i>Scorch</i> and <i>scorching</i> are other verb forms.	<b>Choral Reading: The Boy Who Harnessed the Wind</b>  From page 15 to page 20  <b>Machine</b> is a noun that means something created by people to make work easier. It can be a tool or invention which multiplies human effort in order to fulfill a physical task. You might wish there was a <i>machine</i> that could do your homework for you. Vending <i>machines</i> make getting a snack quick and easy.	<b>Choral Reading: The Boy Who Harnessed the Wind</b> From page 21 to page 28 <b>Electricity</b> is a noun that means a form of energy caused by the flow of tiny particles called electrons and protons. <i>Electricity</i> can power things like heaters, light bulbs, and computers. <i>Electric</i> is the adjective form of the word. An <i>electric</i> guitar must be plugged into a power outlet in order for it to produce its intended sound.
