Learn How the Montana SUN Bucks Program Can Help Your Family!

SUN Bucks is a grocery benefits program to help families buy food during the summer when schools are closed. Families get **\$120** for each eligible school-age child. Children who get these benefits can still participate in other summer meal programs.

How does SUN Bucks work?

In Montana, SUN Bucks benefits are loaded onto an EBT card (like a debit card) and mailed to your home. SUN Bucks benefits can be used to buy food like fruits, vegetables, meat, whole grains, and dairy at grocery stores, farmers markets, and other places that accept SNAP EBT benefits. SUN Bucks is a convenient way to help children get the nutrition they need when schools are closed.

Is my child eligible for SUN Bucks?

Your child is eligible for SUN Bucks if:

- Your household already participates in: SNAP or TANF and your child is between the ages of 7-15, or
- Your child of any age attends a school that offers the National School Lunch or School Breakfast Program (including Community Eligibility Provision), *and* your household income meets the requirements for free or reduced-price school meals even if you do not opt in to participate in free or reduced-price meals.

How do I apply for SUN Bucks?

<https://prod-dphhs.mt.gov/HCSO/SUNBucks>

When applying, you will be asked to provide your child's name, school, date of birth, mailing address, and State Student ID if known. You will also be asked to report your household income.
